

COMP 1123 – Assignment 3

Yaşar University

Open: April 18, 2021

Due: May 2, 2021 - 23:55

Given “*assignment3.c*” and “*restdata_assignment3.txt*”.

- Examine *assignment3.c* very well.
- Implement the functions “**create_restaurant**”, “**search_restaurants**”, “**print_restaurant**”, “**update_restaurants**”, “**delete_restaurants**”, “**arraylist_sort**”, and “**arraylist_remove_duplicates**” in *assignment3.c*. Descriptions of these functions are given in the comment blocks above the functions.
- Try not to change the parameters and return types of the functions.
- Also complete the main function to test your program in *assignment3.c*. The description is given inside the main.
- You don’t need to edit or open “*restdata_assignment3.txt*” on your own, but you can update it with your implementation.
